

The J Brand Monthly Technology Update

J Brand Launches a Technology Update Newsletter

Following feedback from the pre-Christmas Partner session (thanks to all those who attended!), we have decided that the best way to keep customers informed of changes within J Brand and the wider networking world was via a monthly newsletter.

The “J Brand Monthly Technology Update” is designed to focus on key topics within the general networking arena and will move across technologies including cabling, wireless, commissioning, and will touch on “hot topics” such as the introduction of “green technologies” into the less than environmentally friendly world of Information Technology.

The newsletter will be applicable across various vertical sectors including retail, finance, education, sports and the enterprise and will feature technology updates from key manufacturers within the IT world.

The articles will be designed to give a flavour of technological change and development, so if you want more information, simply click on the appropriate link to receive a more in-depth update on the topic.

If you do not feel that you want to receive this monthly update, the simply click on the link below or reply to this mail and you will be removed from the mailing list.

Issue 1, January 2008

Is this really the “J Brand” who founded the Company?

Newsletter Spotlight

A recent visitor to the J Brand offices was the grandson of the original “Mr. J Brand”!

While we have thought the “J” stood for Jack, we found out that he was actually Joseph, but was widely known as Joe.

Looks like all those comical “Jo Brand” comments and quips were right after all!

Hugh Jones to join the J Brand Team

“Hugh is one of the most respected names in the UK retail industry and he will undoubtedly help J Brand to strengthen further our position in this vertical sector.”

Guy Jones, J Brands Operations Director

Hugh joins J Brand having spent the last 18 months setting up the new “Fab Auctions” (www.fabinsurance.com) business.

Prior to this latest venture, Hugh spent over 7 years at Kingfisher as Head of Group Shared Services and before that held senior roles at Superdrug, Wincor Nixdorf and Arcadia.

“J Brand has always been an organisation that I have had the utmost respect for and the chance of work with the J Brand team is something that I am really looking forward to.” said Hugh.

Hugh’s role at J Brand will be two-fold; he will work with J Brand’s existing retail focused customer base to develop existing and new opportunities, while at the same time expanding the J Brand reach into new areas within the retail sector.

To book a free session with Hugh to discuss your specific requirements click on the link below.
